

Lesson

23/08/2023

1st quadrant 2nd quadrant 3rd quadrant 4th quadrant

x - axis

y - axis

point-plotting method

- method of plotting points

Graphing points on a coordinate plane

Linear equations and functions

$y = kx + b$ - linear equation

Fr

el meplwng 611d 1

$$j^2 = (\sqrt{-1})^2 = -1$$

$$\sqrt{-1} = j$$
